

Where your money goes

When churches give Cooperative Program money through the Southern Baptists of Texas Convention rather than the Baptist General Convention of Texas, a number of Texas Baptist ministries lose funding. This chart compares the ministries both Texas conventions support through Cooperative Program gifts. Within the BGCT column, a black check (✓) indicates full funding through the BGCT Adopted Budget and a blue check (✓) indicates limited funding or the availability for churches to designate gifts to the cause. The SBTC offers no choices, so only solid checks are used in that column.
